

TRANS DAY OF REMEMBRANCE 2023

PROTECTTRANSKIDSMARCH.ORG

Anti-trans violence and threats have skyrocketed, propelled by hate campaigns driven by far-right politicians, corporate media and fascist groups, and funded by the super-rich. Laws passed in HALF of U.S. states in 2023 aim to eradicate trans lives, especially targeting youth, with more and worse to come in 2024.

Republican presidential candidates like Trump and DeSantis scapegoat trans people for political gain,

while President Biden and Congressional Democrats offer us nothing but worthless “thoughts and prayers” while life-saving healthcare is ripped away.

TRANS PEOPLE ARE PART OF THE WORKING CLASS AND ALL MARGINALIZED COMMUNITIES UNDER ATTACK BY THE CAPITALISTS ACROSS THIS COUNTRY. WE ARE PART OF THE MOVEMENTS FOR BLACK LIVES, FOR IMMIGRANTS, FOR A FREE PALESTINE, FOR UNIONS. WE NEED TO REACH OUT AND BUILD A UNITED FIGHTBACK IN THE SPIRIT OF THE STONEWALL UPRISING, AIDS ACTIVISM, AND THE CIVIL RIGHTS MOVEMENT.

MOURN FOR THE DEAD

**FIGHT LIKE HELL
FOR THE LIVING**

TRANS DAY OF REMEMBRANCE 2023

The Coalition to Protect Trans Lives calls on trans and queer people and our allies to come out in force for Trans Day of Remembrance events across the country on Nov. 20, 2023. The need to remember our fallen and fight for our future has never been more urgent.

In October alone, at least six of our Black trans siblings were murdered:

- A'nee Johnson
- Skylar Harrison Reeves
- Chyna Long
- Lisa Love
- London Price
- Dominic Dupree

Twenty-six trans people are known to have been killed so far this year, though the real number is likely much higher thanks to misgendering by police and media. This year, like every year, the overwhelming number of victims are Black, Indigenous and other People of Color.
